

Fiberdyne Labs Inc. offers bulk indoor fiber at significant savings. Multimode Duplex Bulk Fiber Riser Rated. In stock, available for immediate delivery.

Cable Specifications:	
Characteristic	Multimode (62.5/125 μm)
Crush Resistance	300 N/10 cm
Impact Resistance	1 N-m, 5 impacts
Torsion	5 kg, 1 turn, 5 cycles
Min Bend Radius (Long Term, No-load, in-service)	10X Cable Diameter
Min Bend Radius (Short Term, Loaded, during installation)	15X Cable Diameter
Operating Temperature	-10°C To +70°C
Storage Temperature	-20°C To +70°C
Numerical Aperture	0.275+/-0.015
Attenuation (850-nm / 1300-nm)	<3.0 / <1.0 dB/km
Bandwidth (850-nm / 1300-nm)	>250 / >600 MHz*km

Part Number	Description
F9B21B2	Fiberdyne 62.5/125 Multimode Duplex Riser
