

LGX Wall Mount Bracket**LGX Wall Mount Bracket (stock photo, item may vary)**

LGX Wall Mount Bracket is designed to accept 1 singlewide LGX module or panel (not included). Two (2) Velcro straps are included for cable management.

This lightweight but durable wall mount bracket is made from aluminum, finished with a fine texture, black, powder coat. It can be used in many spaces where a small number of fibers are required and is populated with an LGX module or an LGX fiber panel, both are custom to the end-user's requirements and are purchased separately.

This bracket can be mounted to the wall or other flat, sturdy surface, in any orientation. The two Velcro straps are used to secure the fibers which plug into the module or panel.

Part # WB-LGX1-CM

Dimensions: 1.19" wide x 8" long x 7.07" high
